Meeting Tilton Campus

Aaron Boudreau, PGK has volunteered to be the Program Director. He will be heading up a committee. From now on, all projects will be fully man on the day we vote on them, including all phases from start to finish, OR it will not happen! I suggested you contact Aaron & his committee for proper guidelines.

Bob White-John Bruno-Bill Driscoll

Discussing items will be done at committee level, not at the council meeting.
The committee chair will make a report and present it for a vote. Stick to the Agenda of the meeting, no side tracking !!!

We need to generate income, not just expenses! We need to put this in place ASAP.
