Program Description Documentation

Parish Cookout and festivities. The purpose of the parish cookout is to bring our faith community together for a day of festivities, food and sharing.

The cookout is open to all a parishioners and families at no cost.

The Knights are responsible for acquiring and cooking the food for the event serving our entire parish with over 200 participants. We also assist with set up and take down on the evening prior to and on the day of the event. This event serves our parish well by bringing our community and families together in a social and fun environment with music, games, apple pie contest. etc. Feedback has always been very positive.

Many parishioners are also involved in the planning of this event, and many have been doing it for the three years the cookout has been going on.

This is one of several events offered at St. Joseph where community, socialization and good food bring people together.
