Program Description Documentation

Elevator Service Program: Elderly Apartment Building on River Road, Manchester, NH had their elevator replaced which left the tenants having to climb the stairs with their groceries. After one of our members heard about this, decided to bring this up at one of our planning meetings on how can the Knights of Columbus help. Our council arranged to meet at the apartment building from 10:00am to 12:00 one day a week to carry the groceries on a 3 story building for the elderly tenants. Our service to this particular community ran for 5 weeks until the elevator was replaced. Once the elevator was replaced and project was completed, we unexpectedly, received several checks worth over \$400 as a donation to our council, as a token of their appreciation.
